Musa Solomon

Managing Partner

Dear colleagues, Partners and Clients,

It is my pleasure to welcome you in reviewing our company profile and present to you Uhuru Auditors.

UHURU Auditors excels in offering wide variety of professional services from auditing, tax consultation to advisory services. We believe the foundation of good business practices is based on trust. We work closely with each client of ours to build a solid and professional working relationship.

Clients benefits from our staff's long standing experience developed over the number of years in working in this field.

We proud ourselves for housing the most talented individuals; and we always strive to strenghten our work environment inorder to attract the best talents from the market.

We hope this document will provide you with quality information about our firm and we will be happy to explore them deeper with you during our exchanges.

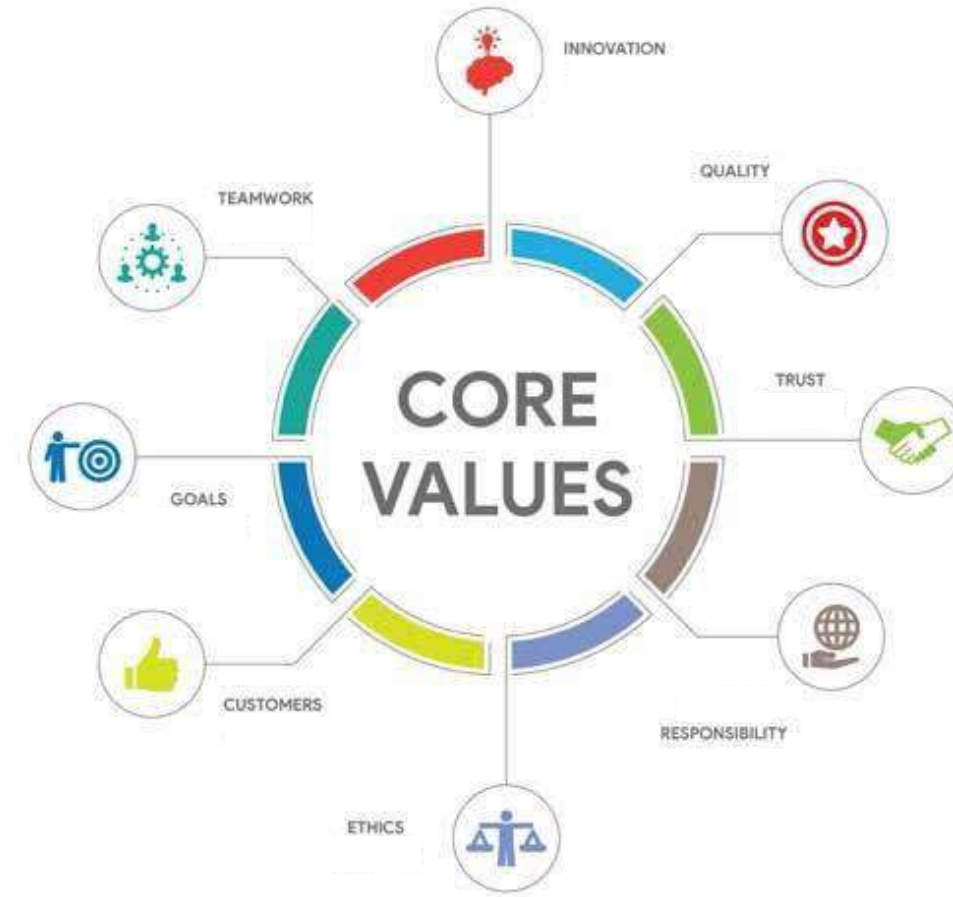

Musa Solomon
Managing Partner
Uhuru Auditors

 **Our vision**

Our Vision is to provide independently exceptional financial, auditing, tax and consulting services to our clients.

 **Our Mission**

The primarily purpose of Uhuru Auditors is to deliver high quality financial, tax consulting, auditing and advisory products both in appearance and content.

External Audit Consultation

We perform an in-depth analysis of the organisation and its internal control for designing our audit procedure.

Information Systems Audit and Risk Management

We will review the systems of internal control, that management and the Board have established.

Internal Audit and Control System Reviews

Companies, public sector bodies and other organizations need to know whether their Accounting systems are working effectively or not.

Financial Accounting and Reporting

We provide you with access to qualified and professional accountants without you ever hire them.

Financial Management Consultation

We provide you with access to top class financial management consultation services to help your business stay up to date.

Business Valuation Consultation

Business Valuation can be used to determine the fair value of a business for a variety of reasons, including attracting investors/joint venture or even sale of a business
